## About Me

---

Passionate software developer with a knack for turning complex problems into elegant solutions. Expert in multiple programming languages, dedicated to continuous learning, and committed to creating innovative, user-centric applications that drive technological progress.

## Experience

---

*Jan 2023- Feb 2023*

Tapaswini Solutions | Varanasi, India

### Intern

Designed and analyzed components for new products. Conducted testing and validation of prototypes, ensuring product reliability and safety. Collaborated with cross-functional teams to ensure product design met customer requirements and project deadlines.

*Dec 2023- Jan 2024*

Dealberg | Bangalore, India

### Intern

I worked on their website using my ReactJs skills and helped them make an appealing website. I collaborated with their technical team and learned a lot new things and gained knowledge and team work skills.
